Standard Quotation for 1000 square meters Warehouse

Option 1: Structural Works Only

SPECIFICATION:

1. Eave Height - 6 meters
2. Ventillation - Free Flow
3. No 2 meters Perimeter Wall

Standard Quotation for 1000 square meters Warehouse

Option 2: Structural Works Only

SPECIFICATION:

1. Eave Height - 6 meters
2. Ventillation - Free Flow
3. With 2 meters Perimeter Wall
4. Including foundation and Slab 6" thickness

NOTE:

Theoretical Calculation of Tip Height = (Eave Height + Half of the Width) / 2
Sample for Standard 1000 square meters + 10 meters = 16 meters / 2
= 8 meters tip height of warehouse
